# Levels of Membership

***Annual Membership fees are always only $30.00. However, some members wish to give an additional amount in order to further support our independently-funded meals-on-wheels program, in-house meals and the other events and activities we host for our adult community.***

**PVAAC values all our members equally.**

***However, if you would like to join at a higher level of membership, we've provided that information below. All funds over the $30 fee are considered a donation, and members will receive a receipt documenting these donations for tax purposes.***

***Thank you again for joining with Prescott Valley Active Adult Center and our mission to "strive to let no senior go hungry, or suffer from the lack of social contact."***

**The amounts below include one Basic Membership plus the additional donation per member required for that level.**
